DETAILED ACTION

Election/Restrictions

1. Claims 16-26 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on April 23, 2007.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1, 2, 7, and 9-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Hanas et al (US 4,158,910).

Hanas et al discloses a molding press comprising all the elements claimed including, ineter alia, a lower adaptor (46, 34); an upper adaptor (32, 44); a tool package formed by the same; a lower shoe detail (10); and an upper shoe detail (8). See whole patent.

Allowable Subject Matter

4. Claims 3-6, 8, and 12-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments filed January 22, 2007 have been fully considered but they are not persuasive.

Art Unit: 3724

Applicant argues the Hanas et al reference does not teach a tool package that can be interchanged with a different tool package. This is incorrect. The tool package of Hanas et al shown in FIG 3, including die inserts 32 and 34 and adapters 44 and 46, can be interchanged with the tool package shown in FIG 1, including die inserts 16 and 18.

While the examiner agrees differences clearly exist between Applicant's device and the prior art of record, these differences have not been set forth in at least claim 1.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
